

Application No. 10/651,671
Supplemental Amendment "B" dated May 18, 2006
Reply to Office Action of December 23, 2005

REMARKS

Claims 1-17 and 25-31 are pending in the application, wherein claim 30 has been amended. Reconsideration and allowance of the above-identified application are respectfully requested in view of the foregoing amendment and the following remarks.

As discussed during the informal telephonic discussion of May 17, 2006, the Examiner agreed that the foregoing amendment to claim 30 would place it in condition for allowance. This amendment was made in light of the possible rejection of claim 30 in view of previously applied art in further view of US 2,081,293 to Davis, which shows a pin that is capable of breaking off and that has a nut 4 that could be considered to be a stop. It was agreed that claim 30 as amended would overcome any such rejection.

In the event that the Examiner finds remaining impediment to a prompt allowance of this application that may be clarified through a telephone interview, the Examiner is requested to contact the undersigned attorney.

Dated this 18th day of May 2006.

Respectfully submitted,
